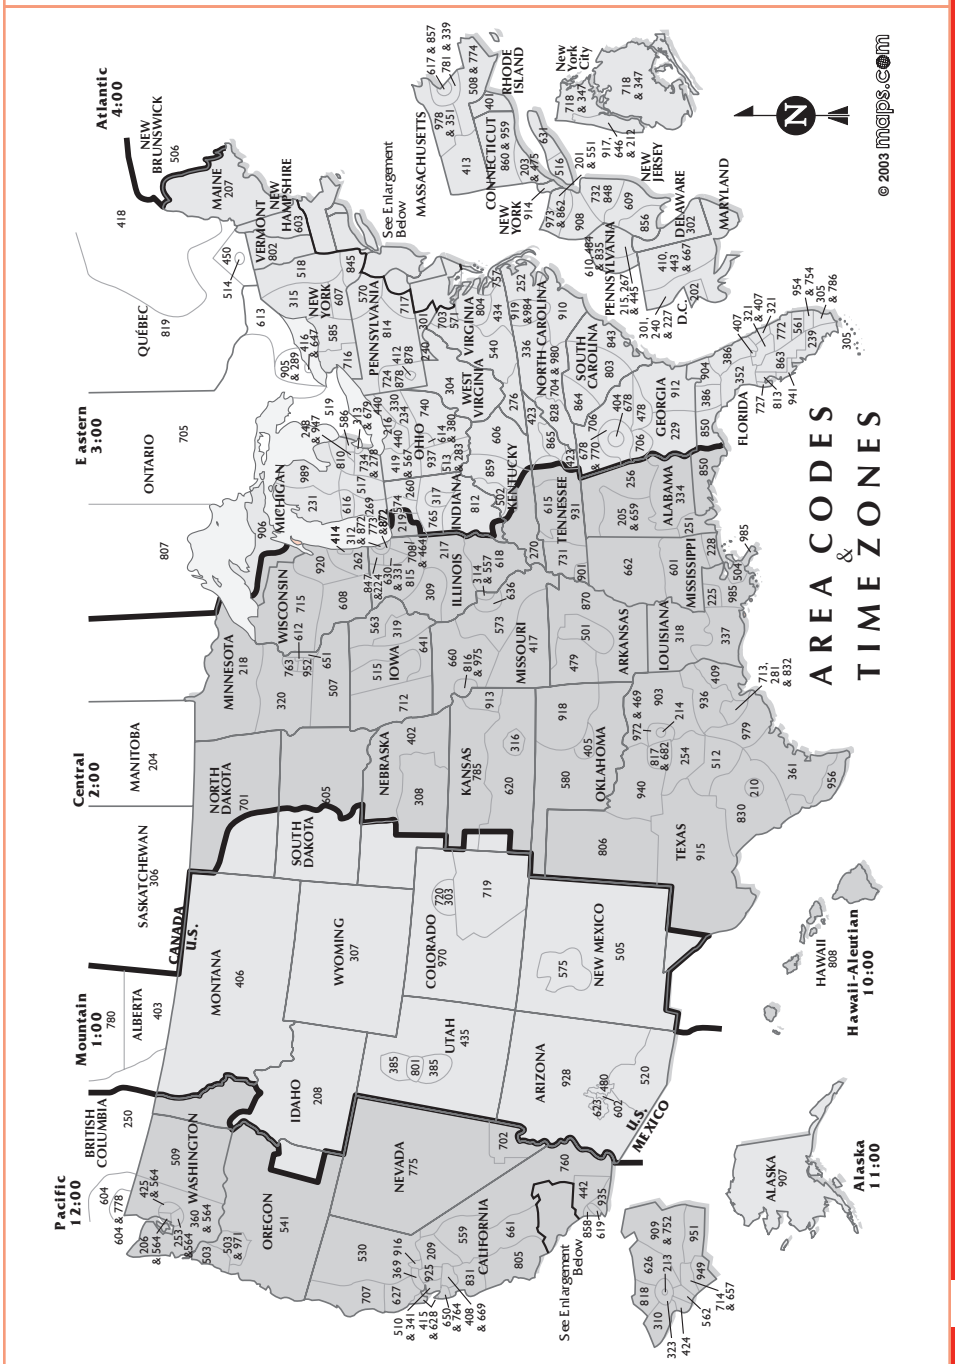
AREA CODES SPEED YOUR LONG DISTANCE CALLS


The U.S. and Canada are divided into more than 120 telephone areas. Each area has a 3 figure area code. Your area code is 870 (see map). The area code of the telephone you are calling should be dialed, or given to the operator. (When placing a call with the operator, say for example, "I want Area Code 312-555-2364.") When you give someone your telephone number include your area code if he needs it to return your call. A list of selected area codes is on pages 21-22.
