CALLING NUMBER DELIVERY BLOCKING

Prevents your phone number from being displayed to the person receiving your call.

Protect your privacy by using Calling Number Delivery Blocking to suppress your directory number so it's not displayed on the called party's telephone even if the called party has Calling Number Delivery service.

How To Use:

- Pick up the handset and listen for the dial tone.
- Press *67.
- Dial the number you're calling as usual.
- The person you've called will not be able to see your number displayed on their telephone display screen. Instead a "P" or "private" will be displayed.

Note:

- You must dial *67 before each call you place. Otherwise, your phone number will be released to the person receiving your call.
