NATCO TV Flex Pack allows you to enjoy live broadcast television from Springfield, MO and Harrison, AR delivered to your television over your High-Speed Internet connection.

Since this TV service is accessed with a Roku streaming player, you also have access to hundreds of free online channels and subscription services all through this one simple device. Enjoy your favorite television and movies whenever you want from one of Roku's hundreds of channels like Netflix, Hulu Plus, Amazon Prime Video or HBO.

Flex Pack is a great way to save by paying only for what you want to watch!

Every day our local team of more than 40 employees challenges ourselves to provide the very best customer service out of our main business office in Flippin. We care about the work we do and our customers. We are dedicated not only to providing the very best quality telecommunications services and local customer support but invest in and support the communities we serve through our non-profit South Shore Foundation, and through donating time and resources to our communities.
